

Dear Neighbor,

I am writing this personal note to each of you to make you aware of some facts:

- ✓ I have stood by the people of **Muer Gardens** on the McClure and Alpine streets against the apartment development for the last 2.5 years. I have been to the planning committee and city council meetings with the people who live there. I will continue to work **against this type of development of single family residential neighborhoods.**
- ✓ I have been with the people on Livernois and Long lake when there was a proposed self-storage development next to ACO. We were **successful in stopping this.**
- ✓ I have visited Ottawa Drive and am also against the builder who is proposing a private road into a new subdivision after tearing down an existing home.
- ✓ I have visited Sylvanwood Drive and went to the planning commission to support the people against the development of the condos.
- ✓ I am also with the people who are my neighbors on Crooks and Wattles against the proposed condos.
- ✓ These gigantic bill boards on Rochester Road are an eye sore. We are Troy, Not Vegas.

I have not taken money from any developers in Troy, need your support to be the ***Independent Voice.***

Support me on Nov 5th

Sincerely,

Sunil Sivaraman
